ACCESSORIES

To expand, complete or improve the installation, Aiten Data also has all the necessary accessories for its electronic, computer or telecommunications equipment, whether basic systems or complex data centers.

Like as sliding shelves, the Aiten Data fixed shelves are manufactured of 1.2 mm cold-rolled steel with a black anti rust paint finish and powder coating.

The width of the 1U fixed shelves is the standard 19" and several models are available, depending on the required length: 450 mm, 600 mm, 800 mm and 1000 mm.

The surface has circular perforations that favor the ventilation of the electronic equipment installed. Its sides have perforated profiles, which makes them suitable for enrackable in cabinets of the same size.

MAIN FEATURES

- 1.2 mm cold-rolled steel.
- Powder coating.

STANDARDS COMPLIANCE

Aiten Data accessories are under standards: ANSI / EIA RS-310-D; IEC297-2; DIN 41494; PART1; DIN 41494; PART7; ETSI; EC; ROHS; ISO 9001.
